

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling. Do Not apply this product in a way that will contact workers or other persons, either directly or through drift. Only protected handlers may be in the area during application. For any requirement specific to your State and Tribe, consult the agency responsible for pesticide regulation.

USER SAFETY RECOMMENDATIONS

Wash hands before eating, drinking, chewing gum, using tobacco, or using the toilet.

AGRICULTURAL USE REQUIREMENTS

Use this product only in accordance with its labeling and with the Worker Protection Standard, 40 CFR part 170. This standard contains requirements for the protection of agricultural workers on farms, forests, nurseries, and green houses, and handlers of agricultural pesticides. It contains requirements for training, decontamination, notification and emergency assistance. It also contains specific instructions and exceptions pertaining to the statements on this label about personal protective equipment (PPE), notification to workers, and restricted-entry interval. The requirements in this box apply to uses of this product that are covered by the Worker Protection Standard.

No restricted entry interval (REI) - 0 hours
No Pre-Harvest Interval (PHI) - 0 hours
No PPE requirements.

For treatment of bacterial spot (*Xanthomonas campestris* pv. *vesicatoria*) and speck (*Pseudomonas syringae* pv. *tomato*) in tomatoes and peppers.

Dilute AgriPhage at a ratio of 1 to 2 pints per 100 gallons of water to cover approximately 1 acre. The diluted solution should be applied with drip irrigation, conventional ground or aerial spray equipment immediately after planting and approximately weekly thereafter depending on weather conditions. More frequent application may be necessary during periods of heavy or persistent rains.

To prepare diluted solution, fill the mix tank with the desired amount of water and add AgriPhage with agitation to mix thoroughly. The volume of diluted solution necessary for adequate coverage will depend on spray equipment, weather, and local conditions. Apply enough solution for thorough coverage without runoff.

Bactericide For Use On Tomatoes And Peppers

Biological Control for Bacterial Spot and Bacterial Speck on Tomatoes and Peppers

Active Ingredient:	Bacteriophage*	0.0046%
Other Ingredients:		99.9954%
Total:		100.0000%

*For (*Xanthomonas campestris* pv. *vesicatoria* and *Pseudomonas syringae* pv. *tomato*)

Contains at least 4.1×10^{12} PFU's per liter

Keep Out of Reach of Children

CAUTION

See side panels for additional precautionary statements.

FIRST AID

Call a poison control center or doctor for treatment advice.

If in Eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.

If on Skin or Clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes.

Have the product container or label with you when calling a poison control center or doctor, or going for treatment.

PRECAUTIONARY STATEMENTS ENVIRONMENTAL HAZARDS

Do not apply directly to water, or to areas where surface water is present or to intertidal areas below the mean high water mark. Do not contaminate water when cleaning equipment or disposing of equipment washwaters.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage and disposal.

Pesticide Storage: Store this product in a cool dry area, away from direct sunlight and heat to avoid deterioration.

Pesticide Disposal: Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

Container Disposal: Non refillable containers. Do not reuse or refill this container. Triple rinse empty containers. Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or by incineration, or if allowed by state and local authorities, by burning. If burned, stay out of smoke.

WARRANTY STATEMENT

Omnilytics, Inc. warrants that this material conforms to the description on the label and is reasonably fit for the purposes referred to in the Directions for Use. Omnilytics, Inc. makes no other express or implied warranty of fitness or merchantability, or any other express or implied warranty. In no case or circumstance shall Omnilytics, Inc. or seller be liable for consequential, special, or indirect damages resulting from the use or handling of this product including but not limited to, loss of profits, business reputations, or customers; labor cost; or any other expenses incurred in planting, cultivating or harvesting.
